

Players chip the ball onto the green with the ball going under or over a limbo stick a few feet off the floor. Coach can shout out or the players pick a high or low Skills Card to determine shot.

Game play

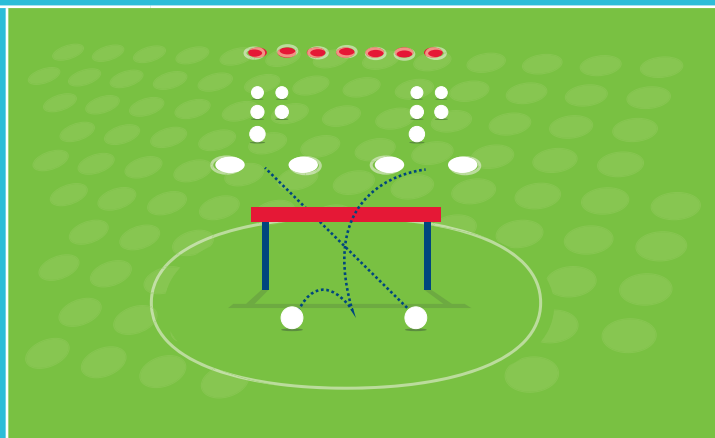

Points are given for a shot that goes under or over the limbo stick and finishes on the green. Extra points for nearer the target as laid out by the coach. Start with under and then change to over the limbo stick.

Mixed ability coaching

Use different tees on slopes to make task harder.
