

Golf Foundation National Primary School Programme

Monitoring Information

To understand the impact of the programme we are asking that you collect responses from your children on the **1st** and **final session** that will provide key information about their understanding of the two elements; golf skills and skills for life.

The easiest way to capture this information is to make it part of a warm-up and following the example below:

- Place five different coloured cones from the Golfway bag and space out in the playing area in the order of the table below (similar to Simon Says but just with one cone)
- **Ask the pupils to all stand at one end of the playing area.**
 - The cone furthest away from the pupils in the playing area should be green
 - The cone nearest the group in the playing area should be red
- Ask each question and the children move to the coloured cone to reflect their answer
- Capture the number of children standing against each cone, for each question, in the online form

To access the online form for the **1st session** please click [HERE](#)

Q1	I'd like to play more golf?	Layout	Answer
Q2	I talk to other people about playing golf?		Strongly agree
Q3	I think golf is fun?		Agree
Q4	I understand what GASP is? (Grip, Aim, Stance, Posture)		Not sure
Q5	I understand what Skills for Life is? (self-reflection, breathing, focus)		Disagree
Q6	I'm confident in using Skills for Life outside of golf? (e.g. at home/school)		Strongly disagree

This process will be repeated again in the final session of the programme and we ask that a summary of the participants (example below) are provided based on the table below.

To access the online form for the **final session** please click [HERE](#)

	Total	Girls	Disability	Ethnic Diversity
No. of pupils participating in 5 week programme				
No. of pupils attending a session at the golf club				

Thank you for your cooperation in helping capture this important information. We hope the pupils enjoy the programme.
